# Welcome to the Hep C Connection Resource Guide

## 2010 – 2011 Update

We hope that this Resource Guide will be helpful to you in your ongoing search for the latest information and resources. Please help us to make this directory more comprehensive by submitting additions

or corrections to: 720-917-3960 or [info@hepc-connection.org](mailto:info@hepc-connection.org). Also check our website for the latest updates: [www.hepc-connection.org](http://www.hepc-connection.org).

You are welcome to call our office and ask for assistance in locating resources. Keep in mind:

- **Be prepared.** Get your information together before you place a call or schedule an appointment.
- **Stay organized.** Develop a notebook or file and keep everything together in one spot. (A shoebox is better than nothing!)
- **Keep good records.** Write down names, phone numbers, dates and what information you receive. Keep copies of everything: letters, insurance forms, and applications that you fill out.
- **Stay positive.** The system can be difficult. You may encounter delays, wrong information, unhelpful people, etc. Keep trying and find people who know the system and can help you. Learn to speak up for yourself and express your needs calmly and clearly.
- And finally, remember, **you are not alone.** There are people here to help and support you.
